

flexibility

Looking for flexible access control?

Then look no further. NetAXS-123 gives your customers the flexibility to choose an access control system that's right for them. With a web-based platform and an innovative Power over Ethernet (PoE) enclosure option, you'll give them the freedom to manage their system from anywhere in the world. And whether they want to protect one, two or three doors, it's their choice. They can purchase the exact amount of access control needed today and when the time comes, they can scale up to add more doors easily without breaking their budget. So go ahead. Get flexible with NetAXS-123 and experience what access control should be: Simple, Scalable and Flexible.

Honeywell

Simplicity. Scalability. Flexibility.
