

# WIN-PAK® SE with VISTA Integration

## Integrated Access Control Solutions

WIN-PAK® SE with VISTA integration is the newest version of Honeywell's most comprehensive access control software. By combining the power of access control, digital video and intrusion into one powerful system, WIN-PAK SE with VISTA integration improves scalability, capability and control.

WIN-PAK SE with VISTA integration provides a single user interface that integrates access control with video and intrusion to create a more robust platform with increased functionality. Functions that have traditionally been tied together through physical relays and input devices are now controlled logically. This simplicity gives users greater control over their systems than they had using multiple software platforms and interfaces.

The ability to connect to remote systems will help dealers reduce service calls and increase response times. By using the direct command control or a virtual keypad, real time status and control can be displayed without having to send a technician.

This is ideal for monitoring remote sites over long distances, as well as managing multiple sites from a single location. WIN-PAK's integration simplifies the access process by allowing users to arm or disarm the system with a card. Any valid card can disarm the system to prevent false alarms. This is an improvement over a typical non-integrated solution where devices are not aware of what other devices are doing.

Quick Start Wizards make WIN-PAK easy to install and program. Installers and end users will find the Quick Start Wizards helpful in installation and programming the system WIN-PAK offers advanced reporting capabilities that customers are demanding. Users can create customized reports or choose from a variety of predefined reports. E-mail capability has been added to allow reports and events to be sent via e-mail. Reports and events can be shown as easy-to-read text that provide all the content and detail that customers require.

## FEATURES

- Integrate access control, digital video and intrusion integration using Honeywell's Rapid Eye™ Multi-Media Series and Fusion Series DVRs, and VISTA-128FBP and VISTA-250FBP controllers
  - Arm or disarm with a card read
  - Record and playback access or intrusion events and alarms
  - Multiple camera control, including PTZ
  - Programmable camera presets
  - Synchronized video playback
  - Alarm video popup and user verification
  - Synchronized video playback with access or intrusion alarms or events
- Manage cardholders through multiple locations
- Available as single or five concurrent operator workstations
- Quick start setup and configuration wizards
- Real-time alarm/event monitoring
  - 99 priority levels
  - Control and response, including acknowledge, clear, annotate, live video, recorded video
  - Manual override, lock and unlock doors, shunt/unshunt zones and input points
- Manual override of system functions
  - Lock and Unlock doors
  - Arm/disarm partitions and zone
  - Bypass/Un-Bypass Zones
- Generate predefined or customized reports using easy templates
- Schedule e-mail or printed reports
- CCTV control interface to most popular matrix switchers
- Schedule guard tours
- Enhance elevator control
- Global anti-passback processing
- Content-sensitive help screens
- Dynamic floor plans
  - Control devices
  - Floor plan linking
  - Acknowledge/clear alarms
  - Visual feedback
- 32-bit operating systems supported: Windows Vista Enterprise\*, Windows Vista Business\*, Windows XP Professional SP2 and Windows 2003 Server

\*SQL Server™ 2005 or SQL Server™ 2005 Express Edition must be loaded on the computer before WIN-PAK SE is installed.

# WIN-PAK® SE with VISTA Integration

## Integrated Access Control Solutions

### BENEFITS

#### Seamless Integration

WIN-PAK SE with VISTA integration brings together Honeywell's WIN-PAK access control system, VISTA intrusion control panel, Rapid Eye Multi-Media Series DVRs and LobbyWorks™ Visitor Management System. The ability to integrate these technologies from one manufacturer now makes it easier for major enhancements to existing systems, or to significantly improve the operation of new security systems. This practically eliminates the confusion and compatibility issues brought on by different systems from many manufacturers.

#### Enhanced Security

The integration to the Rapid Eye Multi-Media Series DVR extends storage space and facilitates easy identification, retrieval and playback of events and alarms. Access or intrusion events can provide operator notification alerting users to view live video or easily retrieve video playback of access or intrusion events directly within WIN-PAK SE.

#### No Need to Retrain

WIN-PAK SE integrates with Honeywell products that have been trusted by customers for years. WIN-PAK, VISTA and Rapid Eye provide a familiar look and feel to existing installations and require little or no additional time for installation and programming.

#### Fast and Easy Setup

Setup is quick and easy using the WIN-PAK SE quick start wizards. Wizards make programming simple by taking users step-by-step through installation and programming.

#### Increased Intrusion Function

Add WIN-PAK SE to an existing VISTA-128FBP or VISTA-250FBP installation and take advantage of the powerful functionality of the software. Enhanced functions include dynamic graphical floor plans, customized report generation for intrusion events and user actions, on-screen virtual keypad, real-time event and alarm reporting, and more.

#### Reduce False Alarms, Unauthorized Access

WIN-PAK SE with VISTA integration reduces unwanted alarms caused by improper keypad operation, incorrect codes or unauthorized access to sensitive areas. Reports can be generated to help businesses improve on their operating efficiencies.

### CONFIGURATION

## INTEGRATION CAPABILITIES

Honeywell's innovative WIN-PAK SE with VISTA and Rapid Eye Multi-Media Series combines three leading products into a solution powerful enough to handle virtually any integrated security requirement. The unique combination of access control, video and intrusion also saves time and money by reducing training and labor.

### Key Integration Features

- Grant access and disarm system on valid card read
- Arm system on valid triple card read
- View live video from up to 16 cameras simultaneously
- Valid/invalid cardholder verification
- Arm/disarm video verification
- Pop-up video on access or intrusion function
- Virtual alarm touchpad
  - View intrusion control panel status
  - Vista keypad control through WIN-PAK software
- Live system control
  - Arm/disarm intrusion system
  - Multiple partition control
  - Bypass/unbypass doors
  - Live camera view, including PTZ

- Automated reporting allows users to send up-to-date reports on intrusion and access events hourly, daily, weekly or monthly.
- Reduce employee down-time by only requiring training on one system.
- Align WIN-PAK SE with VISTA integration with existing system needs for an added level of security.
- Expand to meet current and future needs. Start with access and add video or intrusion later as requirements change.

### Typical Applications

- Office buildings
- Day care centers
- Pharmacies
- Light industrial
- Warehouses
- Schools/universities
- Hospitals/medical offices
- Restaurants
- Convenience stores
- Retail establishments

### Key Integration Benefits

- Save time and money by managing three separate systems with one easy-to-use software interface.
- Improve the level of security by eliminating user code sharing. Increase security by using a unique card to disarm a system and grant access at the door.
- WIN-PAK SE software interface allows users to retrieve and play back alarms associated with intrusion and access control.

### ORDERING

#### Software

<b>WPSE</b>	WIN-PAK SE Access Control Software, 1 User
<b>WPSEU5</b>	WIN-PAK SE Access Control Software, 5 Users
<b>WPSEV</b>	WIN-PAK SE Access Control Software with VISTA Integration, 1 User
<b>WPSEU5V</b>	WIN-PAK SE Access Control Software with VISTA Integration, 5 Users

#### Upgrades

<b>UWPPESE</b>	Upgrade WIN-PAK 2005 to WIN-PAK SE
<b>UWPSEV</b>	WIN-PAK SE VISTA Add-On, 1 User
<b>UWPSEU5V</b>	WIN-PAK SE VISTA Add-On, 5 Users

#### Integration Kits

<b>WPAB1</b>	Access and Intrusion Integration Kit with WIN-PAK SE, NS2+, VISTA-128FBP, (2) OP30HONE, 6160, 4100SM, N-485-PCI-2 and Accessories
<b>WPAB2</b>	Access and Intrusion Integration Kit with WIN-PAK SE, NS2+, VISTA-128FBP, (2) OP30HONE, 6160, LAN Adaptors and Accessories
<b>WPAB3</b>	Access and Intrusion Integration Kit with WIN-PAK SE, NS2+, VISTA-250FBP, (2) OP30HONE, 6160, 4100SM, N-485-PCI-2 and Accessories
<b>WPAB4</b>	Access and Intrusion Integration Kit with WIN-PAK SE, NS2+, VISTA-250FBP, (2) OP30HONE, 6160, LAN Adaptors and Accessories
<b>WPAV1</b>	Access and Video Integration Kit with WIN-PAK SE, NS2+, (2) OP30HONE, LAN Adaptors, HRM60N1000 DVR and Accessories
<b>WPAV2</b>	Access and Video Integration Kit with WIN-PAK SE, NS2+, (2) OP30HONE, LAN Adaptors, HRM60CD1000 DVR and Accessories
<b>WPABV1</b>	Access, Intrusion and Video Integration Kit with WIN-PAK SE, NS2+, VISTA-128FBP, (2) OP30HONE, 6160, LAN Adaptors, HRM60N1000 DVR and Accessories
<b>WPABV2</b>	Access, Intrusion and Video Integration Kit with WIN-PAK SE, NS2+, VISTA-128FBP, (2) OP30HONE, 6160, LAN Adaptors, HRM60CD1000 DVR and Accessories
